Objective

Cybersecurity Analyst with 1.5 years of experience at Deloitte-USI, specializing in Identity and Access Management (IAM) tools such as StrongDM. Proficient in ServiceNow, GitHub Pipelines, and Microsoft Azure, with a solid understanding of access control and secure operations in enterprise environments.

Experience

Solution Delivery Analyst, Deloitte-USI – Gurugram, Haryana   Nov 2023 – Now

- Led biweekly client status meetings and delivered clear progress reports, improving expectation management and enabling continuous feedback for alignment and improvement.
- Completed 350+ service requests, along with a couple of incidents, and maintained 100% SLAs while supporting various stakeholders.
- Identified nearly exhausted user licenses and implemented a solution to revoke unused ones, driving significant cost savings. Developed a script to automate inactive user identification and streamline license management.
- Developed scripts to streamline the creation, management, and storage of admin tokens and APIs, enhancing operational efficiency alongside core responsibilities.
- Organized and led the Campus Hire Assimilation Program (CHAP), assisting 100+ new hires in onboarding and familiarizing with firm processes, enhancing their transition experience.

Marketing Trainee Intern, The NorthCap University – Gurugram, Haryana   Mar 2023 – Nov 2023

- Designed promotional content for social media and university events using Adobe Creative Suite (Illustrator, Photoshop, InDesign, Premiere Pro, After Effects).
- Collaborated with the marketing team to create multimedia campaigns that boosted online engagement and maintained brand consistency.
- Portfolio: https://www.behance.net/sarthaksrivast5

Risk and Financial Advisory Intern, Deloitte-USI – Bengaluru, Karnataka   Jun 2022 – July 2022

- Completed CyberArk Certified Trustee certification, gaining foundational knowledge in privileged access management.
- Set up and configured a Windows Active Directory Domain Services (AD DS) lab environment to simulate enterprise identity infrastructure.
- Gained hands-on experience with Palo Alto's XSOAR platform, understanding its role in security orchestration, automation, and incident response.

Gurugram Police Cyber Security Summer Internship, Gurugram, Haryana   Jun 2021 – July 2021

- Attended intensive sessions on cybercrime, digital forensics, and cyber law conducted by top cybersecurity professionals from across India.
- Explored topics including phishing, ransomware, data breaches, and the OWASP Top 10 vulnerabilities, with a focus on web application security and common attack vectors.
- Gained foundational knowledge in threat intelligence, cybercrime investigation techniques, and real-world case studies.

Accomplishments

- Spot Award – Deloitte.
- Spotlighted by the client for the outstanding work and commitment.
- Secured 3rd rank in the department-level evaluation of the final year B.Tech project.
- All India Rank 17 (Student Category) - HackyHolidays'22 CTF – Deloitte.
- All India Rank 16 – DSCI-EY'22 CTF.
- All India Rank 8 – CyberKshetra'21 CTF – Deloitte.

Education

B.Tech Computer Science and Engineering, The NorthCap University - Gurugram, Haryana	2019 - 2023

CGPA: 9.02/10 | Specialized: Cyber Security and Digital Forensics

Senior Secondary (XII), Summer Fields School - Gurugram, Haryana	2018 - 2019
Secondary (X), Summer Fields School - Gurugram, Haryana	2016 - 2017

Certifications

- Microsoft Certified: Azure Security Engineer Associate – AZ-500
- Certified in Cybersecurity by ISC2
- Microsoft Certified: Azure Fundamentals – AZ-900
- CyberArk Certified Trustee certification
- CCNAv7: Introduction to networks

Skills

Cybersecurity & IAM Tools

- Identity & Access Management (StrongDM, CyberArk)
- Security Orchestration & Automation (Palo Alto XSOAR)
- Threat Intelligence & Incident Response
- Windows Active Directory (AD DS)
- Vulnerability Awareness (OWASP Top 10)

Cloud & DevOps Tools

- Microsoft Azure Fundamentals (AZ-900)
- ServiceNow
- GitHub Pipelines & Scripting

Soft Skills

- Client Communication & Stakeholder Management
- Team Leadership, KT & On-boarding (Campus Hire Assimilation Program)
- Analytical Thinking & Problem Solving
